## **COUNCIL OF UNIVERSITY PRESIDENTS**

Membership: Eastern New Mexico University, New Mexico Highlands University, New Mexico State University, New Mexico Tech, Northern New Mexico College, The University of New Mexico, and Western New Mexico University

### **Letter from the Presidents**

On behalf of Eastern New Mexico University; New Mexico Highlands University; New Mexico State University; New Mexico Tech; Northern New Mexico College; The University of New Mexico; and Western New Mexico University; the New Mexico Council of University Presidents presents the twentieth annual accountability report.

The Performance Effectiveness Report is offered as partial compliance with the Accountability in Government Act (AGA) and includes its reports to the Department of Finance and Administration on common and institution-specific measures. This report culminates a year-long process that began with careful attention to feedback from numerous constituencies including the Governor's Office, the Legislature, the Higher Education Department, university personnel and students, private sector business leaders, analysts, and others interested in university efforts. The performance measures enumerated in this submission are a focused subset of each university's ongoing efforts to respond to the policies and needs of New Mexico in concert with meeting the extensive accreditation and professional standards required of public universities.

The contents of this report are compiled and formatted by a highly skilled institutional research work group. Great care is taken to assure the accuracy of data derived from consistently applied data definitions. Yet, the Council's commitment continues to extend beyond simply reporting data. This report responds to a public imperative for accountability and continuous improvement. Consistent with the provisions for governance prescribed by the New Mexico Constitution, a national initiative to provide citizens with information about higher education institutions, this report demonstrates the resolve of New Mexico's public universities to improve the educational environment in our state, as well as the quality of life for all New Mexicans.

Sincerely,

Garrey Carruthers, Ph.D.

Chair

# **The Performance Effectiveness Plan of New Mexico's Public Universities**

## **Accountability and Performance Reporting Categories**

As suggested in the Letter from the Presidents, public universities respond to regional and national accreditation, professional standards and a host of federal and state reporting requirements. In fact, being accountable has become a full-time and highly complex job of considerable consequence. This document represents a single significant component of each university's extensive reporting efforts.

The New Mexico Council of University Presidents directly responds to the expectations of policy makers and other concerned citizens by publishing an annual Performance Effectiveness Report designed, in part, to comply with the requirements of the Accountability in Government Act (AGA). This report describes each university's AGA performance goals and offers considerable additional accountability information. The Council has identified a set of common indicators of university quality and effectiveness. These indicators measure the progress of New Mexico's universities in meeting statewide performance expectations. Focusing university and public attention on these indicators will promote the improvement of higher education and the achievement of our goals. Indicators of university quality include the following comprehensive categories:

- Effective and efficient use of resources
- Accessible and affordable university education
- Student progress and student success in our universities
- Academic quality and a quality learning environment

For the four quality indicator groups listed above, a common set of performance measures has been selected to provide a means by which each university can demonstrate its performance level. Although the universities use common performance measures, each institution's performance level reflects its unique institutional mission, students, and other constituencies, and the program and service mix it has developed in response to state and regional needs. Each institution uses these measures to set performance improvement goals.

Several performance measures are based on broad-based surveys of our constituencies, administered on a cyclical basis. These surveys provide valuable information for reviewing and enhancing our programs. Information includes students' satisfaction with their undergraduate experiences, which is collected through a survey of graduating seniors.

# Listing of Data and Tables for the Performance Effectiveness Report of New Mexico's Public Universities

## **Effective and Efficient Use of Resources**

Table 1	Overall Enrollment by Level (Fall 2017)
Table 2	Number of Programs by Degree Level (2017-18)
Table 3	Fiscal Resources (for FY 2014-15)
	Percent of fiscal resources allocated to instruction, research and public service
	Percent of fiscal resources allocated to administrative costs, with peer comparisons
	Total current funds revenue for main campus (four-year trend)
	State appropriation as a percent of main campus operating budget (four-year trend)

## **Accessible and Affordable University Education**

## Executive Summary

### Performance Effectiveness Report

The following information provides a summary and comparative view of performance measures across the institutions. The tables and charts are organized according to the occurrence of the tables in the institutional detail sections of the report that follows. Data is shown individually for New Mexico Institute of Mining and Technology (NMT), New Mexico State University (NMSU), University of New Mexico (UNM), Eastern New Mexico University (ENMU), New Mexico Highlands University (NMHU), Northern New Mexico College (NNMC), and Western New Mexico University (WNMU). Graphic information for the University of New Mexico - Health Sciences Center is presented within their section of the report.

#### Full-Time Equivalent (FTE) Student Enrollment

*(From Table 1 of the 2017 report)*

	2013	2014	2015	2016	2017	% Change Over Past 5 Years
<b>NMT</b>	1,813	1,820	1,831	1,809	1,665	-8.2%
<b>NMSU</b>	13,482	12,930	12,584	12,533	12,250	-9.1%
<b>UNM</b>	23,618	23,173	23,005	22,857	21,982	-6.9%
<b>ENMU</b>	3,983	4,032	4,023	3,899	3,980	-0.1%
<b>NMHU</b>	2,718	2,627	2,637	2,608	2,438	-10.3%
<b>NNMC</b>	1,057	856	707	780	786	-25.6%
<b>WNMU</b>	2,421	2,408	2,313	2,215	2,046	-15.5%

Overall full-time equivalent enrollment has decreased 8% since 2013, 3% since 2016. This decline is supported by reports from the New Mexico Public Education Department, showing high school enrollments flat or declining over the last four years in New Mexico.

## Total Current Funds Revenue

(From Table 3 of the 2017 report)

As would be expected, the distribution of Total Current Funds Revenue is roughly similar to the distribution of FTE students. In 2016-2017 the total Current Funds Revenue for the seven universities is \$1.544 billion, 2.1% less than last fiscal year, reflecting a 4.7% decline since 2011-12.

## Percent of Fiscal Resources Allocated To Administrative Costs

(From Table 3 of the 2017 report)

One measure of institutional efficiency is the percent of total educational resources dedicated to administrative costs. This chart displays the ratio of Administrative Costs (measured as institutional support) to total Education and General Expenditures (instruction, research, public service, academic support, student services, institutional support, and scholarships and fellowships), as reported in the Integrated Postsecondary Education Data (IPEDS) Finance Survey. It should be noted that some administrative expenditures are fixed costs (certain administrative staff and functions that are required regardless of the size of an institution). This can explain the relatively greater percentage of these costs at institutions with smaller budgets.

	2011-12	2012-13	2013-14	2014-15
<b>NMT</b>	6.8%	7.7%	7.8%	9.8%
<b>NMSU</b>	6.7%	6.6%	6.6%	7.1%
<b>UNM</b>	6.0%	5.9%	6.2%	6.5%
<b>ENMU</b>	11.1%	11.7%	12.5%	12.2%
<b>NMHU</b>	11.8%	13.4%	13.0%	14.1%
<b>NNMC</b>	26.6%	25.4%	29.7%	31.3%
<b>WNMU</b>	15.1%	15.9%	16.0%	16.6%

With few exceptions, New Mexico institutions' administrative costs are comparable or lower than expenditures by peers. A list of institutional peers appears in the Appendix. (Most recent data available from IPEDS is 2014-15.)

### Percent of Fiscal Resources Allocated To Instruction, Research, and Public Service

(From Table 3 of the 2017 report)

The primary mission of our institutions is instruction, research, and public service. Similar to the previous measure of Administrative Costs, this chart examines the ratio of expenditures on the primary mission to total Education and General Expenditures. The ratio of instruction, research, and public service to total educational and general expenditures has remained relatively constant over time for our institutions, and we tend to either exceed or come close to the equivalent ratio at our peer institutions.

	2011-12	2012-13	2013-14	2014-15
<b>NMT</b>	85.8%	86.7%	85.5%	79.0%
<b>NMSU</b>	77.6%	78.1%	78.5%	78.7%
<b>UNM</b>	81.9%	82.5%	82.2%	77.0%
<b>ENMU</b>	50.2%	48.7%	51.0%	52.7%
<b>NMHU</b>	60.3%	58.7%	59.1%	59.8%
<b>NNMC</b>	45.3%	50.6%	48.2%	46.6%
<b>WNMU</b>	60.3%	60.9%	59.2%	61.4%

## Tuition and Fees Rates

(From Table 4 of the 2017 report)

Overall, tuition and fees have increased 24% over the past five years. Despite these increases, tuition and fees for New Mexico universities remain significantly lower than their peers in the southwest as reported in the *Chronicle of Higher Education, Tuition and Fees at Eighty Public Southwestern Four Year Universities, 2016-2017*: NMHU (3<sup>rd</sup> lowest), ENMU (4<sup>th</sup> lowest), WNMU (18<sup>th</sup> lowest), NMSU (20<sup>th</sup> lowest), NM Tech (22<sup>nd</sup> lowest) and UNM (25<sup>th</sup> lowest). The chart below compares New Mexico institutions' tuition and fees relative to tuition and fees of the institutional peers approved by the New Mexico Higher Education Department.

	2013-14	2014-15	2015-16	2016-17	2017-18	% Change Over Past 5 Years
<b>NMT</b>	\$5,714	\$6,256	\$6,613	\$6,891	\$7,183	25.7%
<b>NMSU</b>	\$6,221	\$5,950	\$6,094	\$6,094	\$6,461	3.9%
<b>UNM</b>	\$6,846	\$6,846	\$6,664	\$6,950	\$7,449	8.8%
<b>ENMU</b>	\$4,559	\$4,858	\$5,543	\$5,618	\$5,918	29.8%
<b>NMHU</b>	\$4,000	\$4,500	\$4,800	\$5,400	\$5,804	45.1%
<b>NNMC</b>	\$4,060	\$4,382	\$5,296	\$5,296	\$5,848	44.0%
<b>WNMU</b>	\$4,723	\$5,346	\$5,704	\$5,906	\$6,066	28.4%

## Financial Aid That Must Be Paid Back By Undergraduate Students

(From Table 5 of the 2017 report)

A large percent of undergraduate students must secure student loans to complete their education. Overall, 34% of our students need loans to go to college.

	2012-13	2013-14	2014-15	2015-16	2016-17
<b>NMT</b>	35.0%	42.7%	45.6%	50.0%	50.8%
<b>NMSU</b>	45.7%	43.2%	42.6%	40.5%	39.3%
<b>UNM</b>	32.5%	41.4%	27.9%	29.6%	26.7%
<b>ENMU</b>	41.9%	37.7%	36.3%	40.2%	39.3%
<b>NMHU</b>	46.0%	46.0%	47.0%	44.0%	34.0%
<b>NNMC</b>	17.0%	8.0%	13.0%	8.0%	9.0%
<b>WNMU</b>	48.7%	49.3%	50.3%	60.6%	61.3%

### Percent of Undergraduate Students Receiving Aid

(From Table 5 of the 2017 report)

Over 78% of undergraduate students at New Mexico universities receive some sort of financial aid. In addition, almost 37% of students at New Mexico universities are Pell grant recipients. Pell recipients demonstrate the highest level of need of college-attending students.

	2012-13	2013-14	2014-15	2015-16	2016-17
NMT	77.8%	86.0%	85.2%	86.3%	87.3%
NMSU	79.4%	78.7%	78.4%	77.5%	79.3%
UNM	85.2%	85.8%	82.0%	81.9%	79.9%
ENMU	75.0%	71.3%	68.0%	75.2%	77.3%
NMHU	89.0%	88.0%	90.0%	91.0%	75.0%
NNMC	79.0%	99.0%	82.0%	70.0%	77.0%
WNMU	80.4%	79.2%	82.4%	81.4%	81.8%

## Diversity of Undergraduate Students

(From Tables 1 and 7 of the 2017 report)

Undergraduate students are students pursuing an undergraduate certificate or degree program (associate or baccalaureate). Total undergraduate enrollment has decreased almost 13% over the past five years. Total headcount enrollment has decreased 12.5%.

Undergraduate students comprise the majority of total enrollment, but each university also has non-degree students (these may be high school dual enrollment students, students without baccalaureate degrees taking classes, or students with baccalaureate degrees taking additional classes) and graduate students (this includes law, medical, and PharmD students at UNM). The following chart illustrates the percentage distribution of these three student types, by university, in fall 2017. Undergraduate students comprise over 72% of total headcount across our universities, with graduate students slightly over 20%.

## Hispanic and American Indian Diversity of Undergraduate Enrollment

(From Table 7 of the 2017 report)

Universities are attentive to the ethnic distribution of their students. While all groups are important, special attention is paid to Hispanic and American Indian percentages since these two groups represent the highest percentage of traditionally under-represented groups in New Mexico. The following charts show five-year trends. The Hispanic percentages at our universities vary, based partly on location in the state and partly on student interest in certain programs. Over 50% of degree-seeking undergraduates at our institutions are Hispanic; 8% are American Indian.

## Transfer Students from New Mexico Two-Year Colleges

(From Table 8 of the 2017 report)

Another measure of access is transfer students from two-year colleges in New Mexico (including branch campuses) into New Mexico universities. These data are shown in the following chart for 2012-13 through 2016-17 (note, academic year data is shown since many transfer students first enroll in a summer or spring term). Overall, the number of transfer students from New Mexico two-year colleges has declined since 2014. UNM received 49% of transfers in 2016-17, due in part to UNM's close proximity to Central New Mexico Community College, the largest two-year college in the state. Students also transfer from out-of-state institutions (both two-year and four-year) and between the universities within New Mexico. Each university's data are reported in Table 8 of the institutional reports.

## Retention of First-Time Freshmen to Their Second Year

(From Table 10 of the 2017 report)

Persistence of first-time freshmen to the second fall semester varies slightly for all universities from year to year. Open-door admission policies at several of the comprehensive universities help explain the difference in their retention rates relative to the research universities. The black line in the chart represents the average retention rate for similar public universities based on size and their admission profile as reported by the Consortium for Student Retention Data Exchange (CSRDE). The research universities are above or substantially above their CSRDE benchmark; three of four comprehensive universities are below their benchmarks; three have improved their retention this past year. All universities have goals to improve student retention.

### Six-Year Graduation Rate of First-Time Freshmen

*(From Table 11 of the 2017 report)*

The graduation rate of first-time freshmen is a measure that all institutions have committed to improve over the next few years. As with retention, the admission policies of the comprehensive universities partly account for lower graduation rates relative to the research universities. The black line in the chart represents the average six-year graduation rate for similar public universities based on size and their admission profile, as reported by the Consortium for Student Retention Data Exchange (CSRDE). NNMC and WNMU both include associate and certificate awards as well as bachelor's degrees in calculating their graduation rates. All but one institution shows an increase in graduation rates over the last five years. Across all universities, baccalaureate completion rates have improved at the four-year, five-year and six-year marks.

\* NNMC and WNMU include associates and certificate awards in their graduation cohorts.

Responding to calls for timely degree completion, New Mexico universities have made progress accelerating degree completion of their students. As the graph below shows, numbers of students completing degrees in 4 years (from 14% to 17%), 5 years (from 34% to 36%), and 6 years (from 41% to 45%) have increased over three cohorts.

Aggregated 4-Year, 5-Year and 6-Year Undergraduate Graduation Rates									
First-time, Full-time Freshman" Cohorts	Entered 2009			Entered 2010			Entered 2011		
	4 Years	5 Years	6 Years	4 Years	5 Years	6 Years	4 Years	5 Years	6 Years
Total Number of Entering Students	7,656	7,401	7,401	7,544	7,211	7,211	6,967	6,643	6,643
Percent Graduating	14%	34%	41%	16%	34%	41%	17%	36%	45%

Although it is a standard reporting measure, the traditional six-year graduation rate accounts for only a portion of the students who complete degrees at New Mexico universities. Table 9 in each institution's report provides a profile of all baccalaureate degree recipients. The percentage of degree recipients who entered as first-time, full-time, degree-seeking freshmen within the previous six years varies from as little as 8% to almost 60% of baccalaureate graduates. Many successful degree completers take longer than six years to complete their degrees, have transferred to our institutions and then completed their degree, or first entered in spring.

## Degrees Awarded

(From Tables 12 & 13 of the 2017 report)

The number of degrees awarded (excluding certificates) has continued to increase over the past five years, growing from 11,439 in 2012-13 to 12,250 in 2016-17, an increase of 7.1%.

The greatest number of degrees was awarded in humanities and the social sciences, followed by business/public administration, education, engineering/computer science, and science/math.

Bachelor's degree awards increased from 7,666 in 2012-13 to 8,254 in 2016-17, an increase of 7.7%.

The total number of master's and post-master's degrees decreased slightly, from 2,882 in 2012-13 to 2,843 in 2016-17. (NNMC does not award graduate degrees.)

Doctorate Research and Doctorate Professional Practice degrees (medicine, law, and pharmacy) are awarded only by the research universities. These totals have increased from 620 granted in 2012-13 to 640 in 2016-17, an increase of 3.2%.

### Certificates Awarded

(From Tables 12 of the 2017 report)

New Mexico universities also provide students with the opportunity to secure specialized training and certifications that enhance their employability. Often these complement the degrees students earn or can add another dimension to their contribution to the workforce.

## Faculty Diversity

(From Table 14 of the 2017 report)

The number of full-time faculty at New Mexico universities has increased from 3,306 in fall 2012 to 3,695 in fall 2016 (11.8% increase). The greatest increase in faculty numbers occurred at UNM and UNM - Health Sciences Center, as part of their effort to convert part-time faculty to full-time positions.

In 2012, 45.4% of full-time faculty (1,502 faculty) were female. In 2016, the percentage is 57% female (2,102 faculty), an increase of 39.9%. The percentage is more variable for the smaller institutions where a change of one or two faculty members can affect the percentage dramatically.

In the fall of 2016, 14.1% of full-time faculty was Hispanic. This is an increase of over 13% since 2012 (from 409 to 519 faculty). There is quite a bit of variance between universities, with NNMC having the highest percentage.

In contrast, the percentage of American Indian full-time faculty declined from 1.8% (58 faculty) to 1.5% (57 faculty). Some institutions report zero American Indian full-time faculty in some years. NMT did not report any over the four-year period.

## Faculty Salaries

(From Table 15 of the 2017 report)

Faculty salary increases at New Mexico universities vary. Averages are affected by distribution of faculty across ranks.

Faculty Salaries	Fall 2011	Fall 2012	Fall 2013	Fall 2014	Fall 2015	% Change Past 5 Years
NMT	\$68,478	\$69,631	\$63,871	\$72,772	\$74,446	8.7%
NMSU	\$70,302	\$69,926	\$72,617	\$74,583	\$76,346	8.6%
UNM	\$83,237	\$78,644	\$84,350	\$86,304	\$86,597	4.0%
ENMU	\$55,808	\$55,734	\$59,498	\$64,363	\$69,383	24.3%
NMHU	\$54,834	\$57,200	\$57,381	\$57,798	\$61,309	11.8%
NNMC	\$46,104	\$46,290	\$46,477	\$47,435	\$46,837	1.6%
WNMU	\$52,011	\$51,295	\$53,873	\$56,283	\$57,813	11.2%

Salary averages relative to peer institutions also vary widely. Salaries at the research universities (NMT, NMSU, UNM) are below peers, two comprehensives are close to peers (ENMU, NMHU) and two are below their peers (NNMC, WNMU). The most recent comparative data from IPEDS is from 2015-16.

## Conclusion

This executive overview has provided comparative trend data across the seven four-year universities in New Mexico for key performance and efficiency indicators. More specific data by university and from the University of New Mexico Health Sciences Center follow in the next section.

## Institutional Profile of New Mexico Institute of Mining and Technology

### Mission:

New Mexico Tech serves the state and beyond through education, research, and service, focused in science, technology, engineering, and mathematics. Involved faculty educate a diverse student body in rigorous and collaborative programs, preparing scientists and engineers for the future. Our innovative and interdisciplinary research expands the reach of humanity's knowledge and capabilities. Researchers, faculty, and students work together to solve real world problems. Our economic development and technology transfer benefit the economy of the state and create opportunities for success. We serve the public through applied research, professional development, and teacher education, benefiting the people of New Mexico.

### Accreditation:

New Mexico Tech is accredited by the North Central Association of Colleges and Secondary Schools as a doctoral degree granting university. <http://www.nmt.edu/nmt-accreditation>.

### Contributions to Economic Development:

- NMT is a recognized international leader in hydrology, astrophysics, atmospheric physics, geophysics, homeland security, information technology, geosciences, energetic materials engineering, and petroleum recovery, supplying trained personnel and research in these areas.
- In FY 2017, NMT's extramural research expenditures were \$53.3 million.

**Table 1. Fall 2017  
Overall Enrollment by Level**

## Institutional Profile of New Mexico State University

### Mission

New Mexico State University is the state's land-grant university, serving the educational needs of New Mexico's diverse population through comprehensive programs of education, research, extension education, and public service.

NMSU is accredited by the Higher Learning Commission (HLC). A comprehensive repository of all NMSU accreditation activity can be found at <https://accreditation.nmsu.edu>. NMSU is currently preparing for its 2017-2018 Reaffirmation of Accreditation.

### Contributions to Economic Development:

- Arrowhead Center's Studio G provides experiential entrepreneurial training that builds foundational skills in problem solving, communication, leadership and teamwork. Studio G's activities have resulted in 218 student ventures on NMSU campuses and 71 have been funded.
- NMSU received a \$1.5 million National Science Foundation (NSF) grant to examine the food-energy-water systems (FEW systems) in New Mexico. Understanding the dynamic relationships among FEW systems is critical to the long run economic development of the state.
- A technology company supported by Arrowhead Center, the economic development and innovation hub at New Mexico State University, has been recognized by the New Mexico Small Business Assistance program as one of 10 success stories during its annual Innovation Celebration.
- Burrell College of Osteopathic Medicine (BCOM) entered its second year of operations and now has 328 full-time medical students. BCOM is located on the NMSU campus but the entire community and the state benefits from having the campus in Las Cruces.

**Table 1. Fall 2017  
Overall Enrollment by Level**

## Institutional Profile of The University of New Mexico

### Mission

The mission of the University of New Mexico is to serve as New Mexico's flagship institution of higher learning through demonstrated and growing excellence in teaching, research, patient care, and community service.

UNM has many individual accreditations. These are listed at: <http://accreditation.unm.edu>.

### Contributions to Economic Development:

- UNM consistently ranks among the top three largest employers in the state with a total of 25,000 jobs.
- UNM is the driver behind Innovate ABQ, an economic development partnership with the City of Albuquerque and other government and private investors. This initiative will strengthen the economic base of the mid Rio Grande region and the State of New Mexico by creating opportunities for knowledge workers such as students graduating from our educational institutions and spin-off jobs for experienced workers in the community as well as providing entrepreneurial training and support.
- During FY17, UNM Main Campus expended approximately \$123 million in externally funded grants and contracts, which boosts the state economy.
- Since 1996, researchers through STC.UNM have received 597 issued patents and have spun-off 113 start-up companies. The 2014 Bureau of Business and Economic Research (BBER) survey of 26 STC.UNM start-ups revealed that the companies' combined direct, indirect and induced economic impact on the New Mexico economy was over \$18 million, with an additional \$17.5 million in venture capital investments coming in to the companies.

**Table 1. Fall 2017  
Overall Enrollment by Level**

Degree-seeking undergraduates	18,913
Non-degree seeking undergraduates	1,129
Graduate students	4,668
Graduate, professional practice	1,199
Total Headcount (includes HSC)	26,278
Total FTE (includes HSC)	21,982

## **Institutional Profile of University of New Mexico – Health Sciences Center**

### **Vision**

The University of New Mexico Health Sciences Center (HSC) will work with community partners to help New Mexico make more progress in health and health equity than any other state.

### **Mission**

Our mission is to provide an opportunity for all New Mexicans to obtain an excellent education in the health sciences. We will advance health sciences in the most important areas of human health with a focus on the priority health needs of our communities. As a majority-minority state, our mission will ensure that all populations in New Mexico have access to the highest quality health care.

In order to realize our Vision and Mission, we will achieve the following goals:

- Improve health and health care to the populations we serve with community-wide solutions
- Build the workforce of New Mexico by providing a premier education and transformative experience that prepares students to excel in the workplace
- Foster innovation, discovery and creativity; and translate our research and discoveries into clinical or educational practice
- Provide the environment and resources to enable our people and programs to do their best
- Deliver a well-integrated academic health center that provides high quality of care and service while being accessible to all New Mexicans
- Nurture and embrace an environment of diversity, integrity and transparency

### **Contributions to Economic Development:**

- In FY17, UNM HSC generated 203 million dollars of research and public service contract and grant awards; a 23% increase over FY16.
- Lovelace/UNM Rehabilitation Hospital opened May 2017. This partnership helps fill a growing demand for rehabilitation providers in New Mexico and allows for improved patient access to rehabilitation services. It also enables the UNM School of Medicine to develop New Mexico's first Physical Medicine and Rehabilitation residency program at Lovelace UNM Rehabilitation Hospital.
- Our new Women's Health and Pediatric clinic opened August 2017. The clinic provides maternity services, annual preventive health care and pediatrics. It is home to 13 new hires with a \$1 million annual payroll.
- UNM HSC leads a coalition of local health care and educational institutions that create jobs in Albuquerque by buying and hiring locally in a coordinated strategy to keep more money in the area economy. The program, "Healthy Neighborhoods Albuquerque", recently received the Innovation New Mexico and Job Creator awards.

The following performance measures and outcomes demonstrate our dedication to the education, health and well-being of New Mexicans.

### Number of Degrees Awarded Utilizing Extended University Courses

Academic Year (Includes Summer, Fall, and Spring Semesters)					
	2012-13	2013-14	2014-15	2015-16	2016-17
<b>UNM-HSC</b>					
<b>Target</b>	<b>25</b>	<b>74</b>	<b>75</b>	<b>80</b>	<b>100</b>
<b>Actual</b>	<b>72</b>	<b>99</b>	<b>142</b>	<b>148</b>	<b>140</b>

UNM offers extensive access to online courses and the number of degrees granted utilizing Extended University (EU) online courses continues to exceed expectation. The following HSC programs grant degrees utilizing EU courses: Nursing, Dental Hygiene, Radiologic Sciences, Emergency Medical Services, Public Health and Pharmacy. These programs all had graduates who were taking at least one EU class in their final semester and who had twelve or more credit hours via EU while enrolled at UNM.

UNM Health Sciences continues to increase high quality online course offerings.

### Number of Post-baccalaureate Degrees Awarded

Academic Year (Includes Summer, Fall, and Spring Semesters)					
	2012-13	2013-14	2014-15	2015-16	2016-17
<b>UNM-HSC</b>					
<b>Target</b>	<b>308</b>	<b>308</b>	<b>320</b>	<b>320</b>	<b>361</b>
<b>Actual</b>	<b>316</b>	<b>349</b>	<b>361</b>	<b>368</b>	<b>368</b>

The HSC offers over 40 degree and residency programs and is a leading provider of Masters, Post-Masters and Doctoral degrees from the School of Medicine, College of Nursing, College of Pharmacy, and College of Population Health.

The HSC has exceeded its target over the last five years and is engaged in efforts to admit qualified students from New Mexico into these programs in order to help address the healthcare workforce shortage in our state. Studies show that New Mexico residents educated in New Mexico are more likely to stay in New Mexico after they graduate. More than 1,000 new students enroll each year.

**Increase External Research and Public Service Expenditures**

Fiscal Year					
	2012-13	2013-14	2014-15	2015-16	2016-17
<b>UNM-HSC</b>					
<b>Target</b>	<b>\$295.1</b>	<b>\$300.0</b>	<b>\$310.0</b>	<b>\$310.0</b>	<b>\$310.0</b>
<b>Actual</b>	<b>\$318.2</b>	<b>\$330.3</b>	<b>\$360.2</b>	<b>\$385.8</b>	<b>\$415.0</b>

Externally funded research and public service expenditures have steadily increased in recent years with an average increase of 7% per year over the last five years. We attribute this success to our core strategies of maintaining strong support structures for faculty and staff, facilitating new teams toward new funding opportunities, and participating in university consortiums. Bringing external dollars into New Mexico supports the research and public service missions of the University and helps boost the State economy.

**Pass Rates on United States Medical Licensing Examination (USMLE) Step 3 Board Exam – First Attempt**

Test Year					
	2013	2014	2015	2016	2017
<b>UNM-HSC</b>					
<b>Target</b>	<b>95%</b>	<b>95%</b>	<b>95%</b>	<b>95%</b>	<b>95%</b>
<b>Actual</b>	<b>96%</b>	<b>100%</b>	<b>97%</b>	<b>100%</b>	<b>97%</b>
<b>Benchmark*</b>	<b>97%</b>	<b>97%</b>	<b>97%</b>	<b>98%</b>	<b>96%</b>

**\* Benchmark is the U.S./Canadian Medical Students Passing Rates from the National Board of Medical Examiners.**

USMLE, Step 3 Board Exam, assesses whether graduated students can apply medical knowledge and understanding of biomedical and clinical science essential to the unsupervised practice of medicine, with emphasis on patient management in ambulatory settings. Students take this exam during the first or second year of residency after graduation. Our students in general do very well on this exam with greater than 90% passing the exam.

### Pass Rates on United States Medical Licensing Exam (USMLE) Step 2 Clinical Skills Exam First Attempt

Test Year					
	2013	2014	2015	2016	2017
<b>UNM-HSC</b>					
<b>Target</b>	<b>95%</b>	<b>95%</b>	<b>95%</b>	<b>95%</b>	<b>98%</b>
<b>Actual</b>	<b>98%</b>	<b>98%</b>	<b>97%</b>	<b>96%</b>	<b>93%</b>
<b>Benchmark*</b>	<b>98%</b>	<b>97%</b>	<b>96%</b>	<b>97%</b>	<b>98%</b>

**\*Benchmark is the U.S./Canadian Medical Students Passing Rates from the National Board of Medical Examiners.**

USMLE, Step 2 Clinical Skills, assesses the ability of examinees to apply medical knowledge, skills, and understanding of clinical science essential for the provision of patient care under supervision, and includes emphasis on health promotion and disease prevention. This exam uses standardized patients to test medical students and graduates on their ability to gather information from patients, perform physical examinations, and communicate their findings to patients and colleagues. Although our students do well on this exam with greater than 90% passing on the first attempt, the results from the current year were below our target and the national benchmark.

The School of Medicine recently modified the curriculum that prepares students in in this area. The more integrated clinical skills curriculum provides students with many opportunities to practice this type of examination. We anticipate that the changes will have a positive impact on these scores in the coming years.

### Total Number of UNM Hospital Clinic Visits

Fiscal Year					
	2013	2014	2015	2016	2017
<b>UNM-HSC</b>					
<b>Target</b>	487,444	454,700	490,000	490,000	525,526
<b>Actual</b>	510,277	504,785	512,127	537,703	539,482

FY 2017 UNM Hospital clinic visits exceeded the target by 2.6%. There were increases in urgent care, primary care and specialty clinic visits. Increased visits were possible due to: 1) Urgent care increased the number of providers and hours of operation 2) Primary care increased access by adding physicians and advanced practice providers 3) We filled vacancies in the pediatrics and neurosciences specialties.

### Total Number of UNM Hospital Inpatient Discharges

Fiscal Year					
	2013	2014	2015	2016	2017
<b>UNM-HSC</b>					
<b>Target</b>	<b>28,405</b>	<b>28,405</b>	<b>27,000</b>	<b>27,000</b>	<b>25,582</b>
<b>Actual</b>	<b>26,593</b>	<b>26,955</b>	<b>25,328</b>	<b>24,827</b>	<b>25,248</b>

In recent years, the UNM Hospital case mix index reflected an increase in admissions of patients with more complex illness. These patients generally require longer lengths of stay and, since the hospital is often running at maximum capacity, this resulted in fewer patient admissions and discharges.

Efforts are underway to increase discharges through length of stay initiatives, the addition of Home Health services, and by developing post-acute care affiliations within the community such as the Lovelace UNM Rehabilitation Hospital.

**Percent of Human Poisoning Exposures  
Treated Safely at Home after New Mexico Poison and Drug Information Center  
(NMPDIC) Contacted by a Caller in a Non-healthcare Setting**

Fiscal Year		
	2016	2017
<b>UNM-HSC</b>		
<b>Target</b>	<b>68%</b>	<b>66%</b>
<b>Actual</b>	<b>81%</b>	<b>81%</b>

The New Mexico Poison and Drug Information Center improves the health of New Mexicans by reducing illness and death associated with poisoning and by encouraging proper use of medications. NMPDIC exceeded the FY 2017 target, maintaining the same level as in FY 2016. We attribute this success to new triage guidelines developed in conjunction with another poison center. We also utilize WebPoisonControl web-based guidelines and continuously monitor compliance for quality assurance.

The goals of the poison and drug information service are to:

- Provide expert, 24-hour assistance to the citizens of New Mexico during possible poisoning emergencies
- Reduce the costs associated with poisoning by treating less severe exposures at home with Center guidance
- Train healthcare professionals in the field of clinical toxicology
- Expand knowledge in the field of clinical toxicology through a active research program.
- Prevent poisonings through toxicosurveillance, education, regulation, and collaboration with local, state and federal agencies
- Provide individualized, accurate, relevant and unbiased information to consumers and healthcare professionals regarding medication-related inquiries
- Help train pharmacists to be drug information providers

### UNM Hospital Inpatient Readmission Rate

	Fiscal Year				
	2013	2014	2015	2016	2017
<b>UNM-HSC</b>					
<b>Target</b>	4.00%	4.00%	4.00%	4.00%	4.00%
<b>Actual</b>	3.96%	3.64%	3.83%	4.43%	4.50%
<b>Benchmark*</b>	5.25%	4.85%	4.46%	5.18%	4.95%

**\*Benchmark: 50th Percentile of all Vizient (healthcare consortium) member readmission rates and is a weighted average of the two most recent quarters of data.**

Inpatient readmissions include patients readmitted for a similar diagnosis within 30 days of the target admission; therefore, results below target are better. The UNM Hospital readmission rate is below the Vizient benchmark of 4.95%, but exceeds the 4% target. It is an ongoing challenge to simultaneously maintain or improve quality, reduce Length of Stay (LOS) and minimize readmissions. We continue to monitor readmissions closely.

### UNM Hospital Inpatient Satisfaction Rate

Survey Periods					
	3-1-13 to 6-30-13	3-1-14 to 6-30-14	3-1-15 to 6-30-15	3-1-16 to 6-30-16	3-1-17 to 6-30-17
<b>UNM-HSC</b>					
<b>Target</b>	<b>83.1</b>	<b>83.1</b>	<b>83.0</b>	<b>83.0</b>	<b>84.0</b>
<b>Actual</b>	<b>83.0</b>	<b>84.0</b>	<b>83.9</b>	<b>82.7</b>	<b>84.0</b>
<b>Benchmark*</b>	<b>86.1</b>	<b>86.1</b>	<b>86.2</b>	<b>86.4</b>	<b>87.0</b>

\* Benchmark is the Vizient comparison group mean score.

The inpatient units continue to experience sustained upward trending in both scores and percentile ranking. Moving forward, our focus will remain on the current initiatives, as well as working with Press Ganey healthcare consumer analytics to provide additional resources and best practice models. We also have Mission Excellence patient experience committees who focus on improvement efforts.

**Number of UNM Comprehensive Cancer Center (UNMCCC) Clinical Trials**

	<b>Year</b>				
	2013	2014	2015	2016	2017
<b>UNM-HSC</b>					
<b>Target</b>	<b>190</b>	<b>400</b>	<b>400</b>	<b>400</b>	<b>400</b>
<b>Actual</b>	<b>375</b>	<b>379</b>	<b>690</b>	<b>844</b>	<b>791</b>

In 2016, 38% of UNMCCC patients enrolled in intervention trials and 11% participated in cancer clinical trials testing new cancer treatments. Persons of Hispanic or Latino origin make up 48% of New Mexico's population and 30.6% of the cancer incidence in New Mexico. Hispanics represented 29.2% of the individuals enrolled to clinical research studies in 2016. American Indians represent 10.5% of New Mexico, 5.3% of the cancer incidence in New Mexico, and 22.8% of the individuals enrolled to clinical research studies in 2016 at the UNMCCC. These data are a testament to the Center's commitment to assure that all New Mexicans have access to high quality cancer care and cancer clinical trials.

### Pass Rates on National Council Licensure Exam (NCLEX) by College of Nursing (CON) Bachelor of Science Nursing (BSN) Students

Calendar Year					
	2012	2013	2014	2015	2016
<b>UNM-HSC</b>					
<b>Target</b>	<b>85.00%</b>	<b>85.00%</b>	<b>85.00%</b>	<b>90.00%</b>	<b>90.00%</b>
<b>Actual</b>	<b>92.30%</b>	<b>72.60%</b>	<b>79.78%</b>	<b>87.27%</b>	<b>97.71%</b>
<b>Benchmark*</b>	<b>90.30%</b>	<b>83.04%</b>	<b>81.78%</b>	<b>84.53%</b>	<b>84.57%</b>

\* Benchmark is the national rate for all students taking the NCLEX test for the first time.

The College of Nursing exceeded target and benchmark. This is consistent with the 80% minimum pass rate required by the New Mexico Board of Nursing and by our credentialing agency, the Commission on Collegiate Nursing Education (CCNE). Factors contributing to the success of our high pass rate include establishing a full time Student Success Coach as a resource available for our students as well as providing periodic preparatory Health Education Services Incorporated (HESI) exams to ensure adequate test performance.

**College of Nursing (CON) Graduate Students' Pass Rate on American Nurses  
Credentialing Center Family Nurse Practitioner (ANCC FNP) Certification Exam**

Calendar Year					
	2012	2013	2014	2015	2016
<b>UNM-HSC</b>					
<b>Target</b>	<b>95%</b>	<b>95%</b>	<b>95%</b>	<b>95%</b>	<b>98%</b>
<b>Actual</b>	<b>100%</b>	<b>100%</b>	<b>100%</b>	<b>100%</b>	<b>85%</b>

Our students achieved a 100% first time pass rate from 2012 through 2015. The lower pass rate in 2016 was because two of our thirteen graduates did not pass during the first attempt of the FNP certification exam (84.62% first time pass rate) however their repeat pass rate is 100%. We have subsequently appointed a faculty member to function in the capacity of Student Success Coordinator to provide targeted remediation to our students. In addition, we have increased periodic Objective Structured Clinical Exams (OSCEs) to improve student performance.

### First -Time Pass Rate on the North American Pharmacist Licensure Examination (NAPLEX) by Doctor of Pharmacy Graduates

Class Year					
	2013	2014	2015	2016	2017
<b>UNM-HSC</b>					
<b>Target</b>	95%	95%	95%	95%	95%
<b>Actual</b>	98%	92%	85%	74%	76%
<b>National Average</b>	95%	94%	92%	88%	90%

Due to recent changes in NAPLEX competencies, format, and minimum passing standard, the national first time pass rate has fallen to 90% and our Doctor of Pharmacy graduates have fallen below the national average. The College has recently implemented an enhanced NAPLEX preparation system. The class of 2017 students were provided with a number of practice exams covering the various aspects of the NAPLEX along with faculty-led reviews of the questions the students struggled with as a group. These exams and review sessions occurred every two weeks in February and March 2017. The College also provided the Class of 2017 with a two-day live review course in late April 2017. While the Class of 2017 did show some modest improvement over that of the Class of 2016, we still have not met our target goal. In January 2018, when the detailed data from the 2017 exam becomes available, the College will determine how performance on the practice exams correlated with actual NAPLEX performance and will make additional modifications as indicated to improve the preparation system.

### .Office of the Medical Investigator- Number of Autopsies Performed

Year					
	2013	2014	2015	2016	2017
UNM-HSC					
Target	2,284	2,284	2,200	2,200	1,788
Actual	2,339	2,114	1,851	1,698	1,815

Since FY16, the Office of the Medical Investigator (OMI) has endured a 6.3% reduction in the state appropriations; nevertheless, through a combination of spending reductions and an increase in service fees we have managed to preserve our core missions:

- Maintain the OMI autopsy facility and equipment so that faculty and staff can provide death investigations that support critical public health, public safety and criminal justice needs
- Maintain advanced imaging modalities so that OMI can provide robust information about pathologic findings and injuries in decedents and be responsive to the religious and cultural needs of Native Americans and other groups with preferences that oppose autopsies
- Ensure that OMI has the necessary staff to provide full-service death investigations and support services to the families of decedents by retaining current faculty forensic pathologists, restoring a forensic anthropology position and partially restoring a social worker grief counselor program

In order to provide the full spectrum of OMI services expected by the New Mexico citizens, OMI has requested restoration to the FY16 state appropriations funding.

**Carrie Tingley Hospital - Number of Patient Days**

<b>Fiscal Year</b>					
	2013	2014	2015	2016	2017
<b>UNM-HSC</b>					
<b>Target</b>	<b>3,898</b>	<b>3,898</b>	<b>4,100</b>	<b>4,100</b>	<b>4,100</b>
<b>Actual</b>	<b>4,181</b>	<b>4,197</b>	<b>4,581</b>	<b>4,700</b>	<b>4,474</b>

For more than 60 years, Carrie Tingley Hospital has provided care for children and adolescents with musculoskeletal problems, postoperative rehabilitation, and disabilities.

Our physicians are the only ones in New Mexico who treat scoliosis (curvature of the spine) patients. They are expert orthopedists who provide consultations locally and throughout New Mexico. Our outreach program participates in approximately 40 clinics per year including Las Cruces, Roswell, Farmington, Hobbs, Clovis, Santa Fe, and Silver City. This program allows patients to be examined close to home and to be evaluated for continued care as needed. The Orthotics and Seating teams are available to provide services such as brace fitting or wheelchair adjustments.

The winter census for FY17 was mild compared to the pediatric respiratory season in FY16. The average hospital length of stay also decreased from a budgeted 7.15 days to 6.01 days for FY17. Observation hours (short stays) continue to increase and account for 398 of the total for FY 2017.

## Institutional Profile of Eastern New Mexico University

### Mission

Eastern New Mexico University combines a traditional learning environment with 21st century technology to provide a rich educational experience. Eastern emphasizes liberal learning, freedom of inquiry, cultural diversity and whole student life. Excellent teaching and active learning define campus relationships. Scholarship, both primary and applied, cultural enrichment, and professional service are also important contributions of the University community. Eastern, a state institution offering associate, bachelor's and master's degrees, serves students from New Mexico, other states and other nations. Educational programs are offered at the Portales campus and also by interactive distance education, public broadcast television, and branch community colleges in Roswell and Ruidoso, New Mexico.

### Eastern's Focus

- Prepare students for careers and advanced study,
- Impart citizenship and leadership skills and values,
- Support and expand the role of education and excellent teaching at all levels, and
- Enable citizens to respond to a rapidly changing world.

ENMU is fully accredited by the North Central Association, and its business, education, music, nursing, social work, and speech-language and hearing programs hold full accreditation through their professional accreditations. For details please see <http://www.enmu.edu/about/accreditation.shtml>.

### Contributions to Economic Development:

- In 2016-17, ENMU contributed 268 associate, 755 bachelor's and 299 master's degrees to the workforce.
- ENMU received its ten-year reaccreditation from the Higher Learning Commission of the North Central Association in September 2017. This unqualified re-accreditation assures that students are graduating from quality programs well prepared for their field of work or advanced academic study.
- STEM program in pre-medicine recorded 38% acceptance of ENMU applicants into medical school in 2016-2017 (6 of 16). Electrical Engineering Technology graduates achieved 100% placement following graduation.

<b>Table 1. Fall 2017 Overall Enrollment by Level</b>	
Degree-seeking undergraduate students	3,438
Degree-seeking graduate students	1,266
Non-degree students	1,323

	Actual	95.0	95.3	93.1	97.4	N/A	

\*Due to a webpage problem, fewer than fifty students were able to complete the online survey. As a result, this is not a fair reflection of ENMU graduating seniors’ satisfaction.

## Institutional Profile of New Mexico Highlands University

### Mission:

New Mexico Highlands University is a public comprehensive university serving our local and global communities. Our mission is to provide opportunities for undergraduate and graduate students to attain an exceptional education by fostering creativity, critical thinking and research in the liberal arts, sciences, and professions within a diverse community.

The list of agencies through which NMHU and its academic programs are accredited can be found at: <http://www.nmhu.edu/institutional-research/highlands-university-accreditations/>. NMHU participates in the Voluntary System of Accountability (VSA). Our College Portrait can be found at <http://www.collegeportraits.org/NM/NMHU>.

### Contributions to Economic Development:

- Grants
- Auxiliary Enterprises
- Technology Transfer
- Non-appropriated Capital Projects
- Educated Workforce
- Technical Expertise
- Community Service and Advocacy for Economic Benefits

## Institutional Profile of Northern New Mexico College

### Mission

The mission of Northern New Mexico College is to ensure student success by providing access to affordable, community-based learning opportunities that meet the educational, cultural, and economic needs of the region.

### Vision

Northern New Mexico College is a Hispanic- and Native American-serving comprehensive institution that will be recognized nationally for cultural sustainability, quality student learning and developing economically strong communities among diverse populations.

NNMC is accredited by the Higher Learning Commission (230 South LaSalle Street, Suite 7-500 • Chicago, IL 60604 • [info@hlcommission.org](mailto:info@hlcommission.org) • 800.621.7440). Program accreditation information can be found at: <http://site.nnmc.edu/page/colleges-departments>.

### Contributions to Economic Development:

- NNMC serves as a source of STEM college graduates for the state, as 68 of the 173 degrees (39%) awarded in 2017 were in STEM majors.
- In 2016-17, NNMC contributed 29 certificates, 81 associate degrees, and 63 bachelor degrees to the workforce, effectively doubling earning power of college over high school graduates.
- In 2016-17, the College of Education received national accreditation by NCATE, the RN to BSN program was re-accredited for ten additional years by CCNE, and the ADN program received ACN accreditation.
- NNMC's High School Equivalency Program (HEP) has been ranked the best in the nation for 2016, based on a newly released Department of Education report. Northern's HEP achieved a 96% graduation rate, the highest among the 43 HEP programs operating nation-wide. The national average for graduation from HEP is 68%. Ninety six percent (96%) of HEP graduates are entering postsecondary education or training, upgraded employment, or the military. The national average is 81%.

## Institutional Profile of Western New Mexico University

### Mission:

WNMU engages and empowers learners in a multicultural, inclusive, creative, and caring community of teaching, scholarship/research, and service. We aspire to be the premier teaching university excelling in student-centeredness, the liberal arts and sciences, professional programs, and career and technical preparation. We educate with rigor and compassion diverse learners, who achieve career goals, gain civic literacy, practice social responsibility, and engage in lifelong pursuit of learning. Valuing the traditional academy and taking pride in our history and regional cultural heritages, we embrace innovation and transformation for a sustainable future in an ever-changing world of local and global connections.

WNMU is accredited by the Higher Learning Commission as an Academic Quality Improvement Program Participant. See <http://www.hlcommission.org/Directory-of-HLC-Institutions.html> for details.

### Contributions to Economic Development:

- Economic Development: New Mexico Economic Development Course - 31 attendees
- Small Bus Dev. Center: New businesses - 14, Jobs created – 47, Capital infusion - \$1,563,220
- International Business Accelerator: New businesses - 7, Jobs created - 44, Jobs Retained – 12, Exports \$62,054,910
- School of Business Community business projects - 24, student internships - 21

**Table 1. Fall 2017
